

Covid-19 Trading Policy

We appreciate what all our customers have done to help keep other customers and our staff safe since the reopening of our Trade Counters.

As a consequence of the latest guidance and until we can measure the impact of the government's decision to remove face coverings for most instances, our team will continue to wear masks if they are not behind screens in our showrooms and when serving customers in the loading bay areas.

We politely request that our customers do the same, but we will not enforce masks for those who do not wish to wear them.

Visitors to our offices must confirm that they have taken a lateral flow test and provide the person holding the meeting with the NHS automated email, ensuring that you have taken a negative test. `

Trade Counter opening Times

We have altered the trading times for Croydon, Cambridge & Hemel

Croydon & Cambridge will open from 7:30 am to 5:00 pm.

Orpington - No changes for August - 8:00 am to 5:00 pm

Orpington has undergone a considerable amount of changes. Once we have completed sufficient training for our staff, we will review our current opening times of 8:00 am and resume Saturday trading. Our trading hours will be reviewed again for September.
